Triunfo Sanitation District Adds Water to Its Name To Better Reflect Full Scope of Services

VENTURA, Calif., June 12, 2019 – Effective July 1, Triunfo Sanitation District will change its name to Triunfo Water & Sanitation District. The Board of Directors voted to approve the change to better reflect the District’s full scope of services, which includes potable and recycled water supply, as well as wastewater collection and treatment, in east Ventura County.

Triunfo Board Chair Janna Orkney said, “Water supply is a significant part of our service. Approximately 33,000 people receive sanitation service from us, and we provide potable water service to roughly 14,000 of those residents in the community of Oak Park, as well as recycled water for irrigation to various portions of our service area.”

Water customers are currently served by Oak Park Water Service, a Triunfo-owned and operated agency. Effective July 1, water bills will be issued directly from Triunfo Water & Sanitation District. Sanitation service fees will continue to be collected through Ventura County property tax bills. All customers will receive notification of the change by mail. Anyone with questions is encouraged to call (818) 889-8996 or visit trunfosanitation.com through June 30 and trunfowsd.com thereafter.

###

Triunfo Sanitation District provides sewage collection services and wastewater treatment, supplies potable water, and treats and sells recycled water in the eastern portion of Ventura County, including the communities of Oak Park, Lake Sherwood, Bell Canyon, and the Westlake Village and North Ranch portions of Thousand Oaks. The District covers approximately 50 square miles and serves about 33,000 people. Five elected-at-large directors govern the agency.
