

MANAGEMENT'S DISCUSSION AND ANALYSIS **(For the fiscal year ended June 30, 2016)**

This section of the Triunfo Sanitation District's (District) Comprehensive Annual Financial Report (CAFR) offers readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal years ended June 30, 2016 and 2015. This discussion and analysis should be read in conjunction with the transmittal letter beginning at page 1 and the District's basic financial statements following this section.

Financial Highlights for the fiscal year ended June 30, 2016

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$62.7 million (*net position*). Of the \$41.4 million (*unrestricted net position*), \$10.2 million may be used to meet the District's ongoing obligations to citizens and creditors (*net of investment-in-joint venture*).
- The District's total net position decreased by \$1,184,081, or 1.9%.
- The District's total revenues stayed the same at \$15.2 million and total expenses increased by 1.1% to \$16.4 million.

Financial Highlights for the fiscal year ended June 30, 2015

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$63.9 million (*net position*). Of the \$42.0 million (*unrestricted net position*), \$9.7 million may be used to meet the District's ongoing obligations to citizens and creditors (*net of investment-in-joint venture*).
- The District's total net position decreased by \$1,017,117, or 1.6%.
- The District's total revenues decreased by 7.6% to \$15.2 million and total expenses decreased by .3% to \$16.2 million.

Overview of the Financial Statements

The Management's Discussion and Analysis (MD&A) is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements include two components: 1) enterprise fund financial statements; and 2) notes to the financial statements. In addition, required supplementary information, supplementary information, and statistical information are also included in the CAFR.

Basic Financial Statements The financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The basic financial statements can be found on pages 23-27 of this report.

The *Statement of Net Position* presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Revenues, Expenses, and Changes in Net Position* present information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)**

The *Statement of Cash Flows* presents relevant information about the cash receipts and cash payments for the period categorized according to whether they stem from operating, non-capital financing, capital and related financing, and investing activities. It helps users assess the District's ability to generate future net cash flows, its ability to meet its obligations as they come due, and its needs for financing. It also helps assess the effects on the District's financial position of changes in its cash and non-cash investing, capital, and financing transactions during the period.

The *Notes to the Financial Statements* provide additional information that is essential to a full understanding of the data provided in the basic financial statements and are an integral part of the financial statements. The notes to the financial statements can be found on pages 28-49 of this report.

Financial Analysis of the District

The Statements of Net Position and the Statements of Revenues, Expenses, and Changes in Net Position report information about the District's activities in a way that will help answer questions as to whether the District, as a whole, is better or worse off as a result of the year's activities. These two statements report the net position of the District and changes in them. You can think of the District's position as the difference between assets (what is owned) and liabilities (what is owed) and one way to measure its financial health or position.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Net position includes three components: *Net investment in capital assets; restricted net position; and unrestricted net position.*

The largest component of the District's net position (\$41.4 million) is the District's unrestricted net position. \$31.2 million reflects the District's capital assets investment in a Joint Venture with the Las Virgenes Municipal Water District. The Joint Venture's capital assets investment is equivalent to property, plant, and equipment within the Joint Venture offset by operating costs. Additional information regarding the District's capital assets investment in the Joint Venture can be located in note B-5 on pages 41-43. The remaining \$10.2 million reflects unrestricted net position that may be used to meet the District's ongoing obligations to creditors and constituencies.

Another component of the District's net position (\$20.7 million) reflects capital assets net of accumulated depreciation less any outstanding debt used to acquire them (net investment in capital assets). The District uses these capital assets to provide services to its constituency; consequently, they are not available for future spending. Although the District's investment in its capital assets is reported net of related debt and other payables, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The third and final component of the District's net position is the restricted net position which represents resources that are subject to external restrictions of how they may be used. Loan agreements relating to long-term debt restrict certain amounts for debt service, as well as restricted funding received in advance of expenses. The restricted net position is not available for other uses by the District. At June 30, 2016 and 2015, the District had \$602,000 in restricted net position.

In fiscal year 2015, the District's capital assets investment in Joint Venture with the Las Virgenes Municipal Water District was \$32.3 million, 50.6% of total District net position, and 77% of the District's unrestricted assets. As seen in the table on page 17, total net position decreased by \$1,017,117 to \$63.9 million in fiscal year 2015.

Condensed Statements of Revenues, Expenses, and Changes in Net Position

A condensed Statement of Revenues, Expenses, and Changes in Net Position is presented in the following table for our analysis. While the Statement of Net Position shows the change in financial position of the District's net position, the Statement of Revenues, Expenses, and Changes in Net Position provides answers as to the nature and source of these changes. As previously mentioned, the decrease in total net position was \$1,184,081 in fiscal year 2016.

Total revenues remained the same compared to fiscal year 2015. Recycled water and potable water both are highly cyclical in nature due to the weather and some conservation efforts. Recycled water sales increased by \$301,295, potable water sales decreased by \$897,398, and sanitation fees increased by \$499,620.

Total expenses increased by approximately \$171,809 (1.1%) compared to fiscal year 2015. The increase was attributable to interest expense of the new loan for the Automated Meter Read project.

Economic Factors and Next Fiscal Year's Budget and Rates

- The District Board considered the factors mentioned above when setting the fiscal year 2017 budget, rates, and fees. The District's fiscal year 2016-17 adopted budget (expenses not including the change in investment-in-joint venture LVMWD/TSD) totaled \$17,021,965 or 11.7% increase when compared to the prior year.
- Based on the wastewater rate study and the five-year programmed rate, this is the second year of the Board approved 6.5% rate increase which started in fiscal year 2016 ending in fiscal year 2020.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

- Based on the recycled water rate study, the District Board approved a five-year rate plan of 15% for fiscal years 2017 and 2018, and 3% for fiscal years 2019 and 2020, with no rate increase in fiscal year 2021.
- As recommended by the potable water rate study, the District Board approved a five-year rate plan of 13% for fiscal years 2017 and 2018, and 3% for fiscal years 2019 and 2020, with no rate increase for fiscal year 2021.
- Based on the State Water Resources Control Board's adopted statewide water conservation approach that replaced the prior percentage reduction-based water conservation standard with a localized self-certification approach, the Board rescinded the Stage 2 condition of the Water Shortage Contingency Plan and implemented Stage 1 in its place in May 2016.
- Calleguas Municipal Water District (CMWD) wholesale supply rate will increase effective January 1, 2017. The CMWD rate increase is a pass through increase to the Oak Park Water Service (OPWS) customers. The equivalent increase in the potable water rates will be ten cents per hundred cubic feet (\$.10/HCF) across all the tiers effective January 1, 2017.
- Calleguas Municipal Water District (CMWD) wholesale reclaimed rate will increase effective January 1, 2017. The CMWD rate increase is a pass through increase to the reclaimed water customers. The equivalent increase in the reclaimed water rates will be eight cents per hundred cubic feet (\$.08/HCF) effective January 1, 2017.
- District staff is provided entirely by contract with the Ventura Regional Sanitation District (VRSD). This support consists of approximately fifteen (15.90) full-time equivalent positions made up of the part-time efforts of approximately seventy-eight (78.21) people in twenty-five (25) different areas of expertise. The VRSD hourly billing rates increased on average by 6% effective July 1, 2016.

The District Board held workshops to assess the available working capital, the operating, and capital needs of the District. Additional information is provided in the transmittal letter on Page 1 of this report and Note C of the Notes to the Financial Statements.
